

Is Circles for you?

- Do you feel stuck?
- Are you constantly facing urgent problems?
- Are you tired of living paycheck-to-paycheck?
- Do you want to improve yourself and achieve your goals?
- Do you want a better job?
- Do you want to build healthy relationships?

Circles USA

Circles helps families become financially stable with a unique approach. We match you with two middle- or high-income volunteers. You'll receive plenty of training about personal finances, getting a job, and communication skills for healthy relationships. But what really makes Circles different are the relationships you'll form. People are more successful when they have support around them.

Learning Together

After training is complete, participants are called "Circle Leaders" and volunteers are called "Allies." As a Circle Leader, you will be leading the weekly meetings with your Allies. You will be setting your own goals. Your Allies will be there to listen, ask questions, and make suggestions. You and your Allies will learn from each other as you accomplish your goals.

Average Increase in Income

“ I never thought about future goals. My mindset was to make it through the day. I grew up in poverty, and my parents grew up in poverty.... Now I have goals for myself and my family. This program has absolutely changed my outlook on life, and it has changed my children's future. ”

AMBER SCHWINGDORF
