

Our Mission:

The Lighthouse exists to serve those in our community who struggle with life-altering issues by providing structure, education, support, mentorship, and housing as we engage their families and communities in the healing process.

Our Services:

Life Recovery Homes at two locations offer transitional living for up to 19 men. When men are given structure and support through residential care, they then can learn sober living, stability, hard work, honesty, and personal responsibility. Our programs are designed to house the men for 6 months or 2 years depending upon the location. The Lighthouse is the only transitional housing in Northeast Indiana which has as staff:

- A Licensed Clinical Addictions Counselor
- A Licensed Social Worker
- A Licensed Minister

A Community Center located at 3000 E. State Blvd. offering free services including, but not limited to:

- **Anchored** - A 30-day residential addiction program. This program will serve men in our community who are coming straight out of addiction. This program is designed to stabilize them, allow them time to recover, and assist them in placement within a long-term program. The daily schedule of the men will consist of counseling, nutrition, physical fitness, therapy groups, and developing new coping skills. We have 12 beds available within our Anchored program.
